Our Mission:

***Innovate For Our Clean, Efficient,
and Sustainable Energy Future!***

Lightweight Componentized Direct-Drive Wind Turbine Generator As Only Provided With SYNCHRO-SYM Technologies

Democratize The Automobile Industry With a Universal Electric Vehicle Powertrain Chassis Module (BEM-UPM) As Only Provided With SYNCHRO-SYM Technologies

Dramatically Reduce Overall Electrical Energy Consumption With A Smart Enterprise Management (SEM) As Only Provided With SYNCHRO-SYM Technologies

Distributed Virtual Synchronous Machine As Only Provided With SYNCHRO-SYM Technologies

**Implementing a Carbon Less Energy
Infrastructure With Far Offshore
Hydrogen Harvesting Sailing Ships
as Only Provided With SYNCHRO-SYM
Technologies**

**Electric Aircraft Propulsion as
Only Provided With SYNCHRO-SYM
Technologies**
